

# BLITZ-OUT

## RIMS CLEANER

### PRODUCT DESCRIPTION

Specific cleaner for alloy wheels. It dissolves and removes with no effort also the toughest dirt. Its formula, based on detaching agents, has a deep action, which allows dirt suspension, thus making its removal easier, just using simple water. **BLITZ-OUT** leaves a transparent and antistatic film, which protects alloy from dirt and dust deposition. Although problems did not emerge, considering the wide range of aluminium alloy, it is always recommended to test on an inconspicuous area prior to general use.

### PHYSICAL PROPERTIES

**Colour:** Dark red  
**Physical form:** Liquid  
**Odour:** Light and pleasant  
**Density:** 0,98 g/ml  
**Flammability:** Not flammable  
**Type of surface:** Aluminium, cast iron, carbon, magnesium alloy

### HOW TO USE

Please do not use on hot alloy wheels. Spray the product on the area to treat and let it act for a while, without letting it dry. If necessary, please rub with a brush; finally, rinse with high-pressure water.

**BLITZ-OUT** 5kg version can be diluted from 10 to 30% with water, according to the level of dirt to remove.
